

MOHAMMAD JARAR ALI MEHDI

Runner • Production Assistant • 3rd AD • Camera Trainee — Entry Level Film Set Crew

+44 7592 761778 • jarkhanaafilms@gmail.com • London, UK • jarkhanaafilms.com • [LinkedIn](#)

PROFILE

Film graduate with hands-on set experience across camera, lighting, production, and assistant directing — from equipment load-in and rigging to focus pulling, gaffing, and full technical setup — on shoots regularly running 7–8+ hours a day. Comfortable on a call sheet, understands how a set actually runs, and reliable under pressure. Provisional UK licence held; practical test booked Dec 2026. Holds an MA in Film (Directing Fiction) from Queen Mary University of London. Available now, full-time.

ON-SET EXPERIENCE

Assistant Director — The Tap Aug 2026

MA thesis short film — Queen Mary University of London

- Managed the call sheet, shooting schedule, and shot list to keep the shoot on plan.
- Coordinated cast and crew on set, kept the production to time, and called the slate.

Director of Photography & Producer — The Last Entry Jul 2026

MA dissertation short film — Queen Mary University of London

- Produced and shot a 15–17 minute short film over a 4-day block, running cast and crew of ~10 to a locked call sheet and shot list.
- Booked vans and transported all equipment between university and locations; built the full technical setup each day — lighting, stands, tripods, and cable management for safety and clean frames.
- Shot the film as DP and carried it through the full post-production pipeline to final grade and sound mix.

1st Assistant Camera — Hector (dir. Emerson S. Zapata) Jul 2026

MA thesis short film — Queen Mary University of London

- Unloaded and set up camera equipment each day — assembled C-stands and the focus-pulling rig; worked directly under DoP Anand Singh, handling lens changes and case packing between setups.
- Assisted with gaffing — moving lights and placing negative fill — alongside core focus-pulling duties.
- Held focus through multi-hour outdoor setups on public streets, staying locked in for extended, exposed shoots.

Cinematographer & Editor — Guppies Mar 2026

Group production, Creative Production module — Queen Mary University of London

- Shot on Sony A7 IV with GM prime lenses; designed and operated the full lighting setup (Aputure, Nanlite, Ulanzi, RGB tubes).
- Edited the final cut, carrying the project from set through to delivery.

Cinematographer — Thehre Ajnabi: Watershed (dir. Hassan Ahmed Raja, Harf Factory) Mar 2024

Independent short film

- First cinematography credit, shot for a course tutor's independent production — built foundational on-set experience in lighting, composition, and camera operation.

ROLES TARGETING

3rd/4th AD, Trainee AD, Production Runner, Floor Runner, Production Assistant (PA), Script Supervisor Trainee, Assistant Producer, Camera Trainee, 2nd/3rd AC, Data Wrangler, DIT Trainee/Assistant.

ALSO BRINGS

5+ years in video editing and content production, including work for Pakistan's most-followed Islamabad-based influencer (10M+ TikTok views) — a working post-production perspective that's useful on set. Full editing CV and reel at jarkhanaafilms.com.

CERTIFICATIONS & REFERENCES

Film & TV Online Safety Accreditation — Mark Milsome Foundation / ProTrainings, 2026–2031. Acting — The Film Tuition (TFT), Aug–Dec 2022. Communications — Northwestern University, Qatar, Jan 2020. References available on request.
